Summary

Zibiz Corporation is an SBA certified 8(a) and Small Disadvantage Business (SDB) specializing in design, development and implementation (including supply of equipment and labor) of data storage solutions. From time to time, Federal agencies do set forth requirements for data storage solutions and services. Zibiz has experience in successfully implementing such solutions for many commercial and government customers during the past seven years.

Zibiz presents a team of highly qualified, knowledgeable IT professionals that are focused on providing state-of-the-art technology solutions. Zibiz integrates the latest proven technologies and concepts into a solution that is custom tailored to your particular situation.

Certifications

- SBA Certified 8(a) through 2016
- Small Disadvantaged Business (SDB)

Solutions

- **DATA STORAGE**
 - **Storage Area Networks – (SAN) & Network Attached Storage– (NAS)** (iSCSI & Fiber Channel)
 - **Virtual Tape Library (VTL)** - disk based storage that emulate Tape Libraries for faster backups
- **STORAGE DATA PROCESSING**
 - **Data Migration** - Moving data from one type of storage, application or environment to another
 - **Data Archiving** - Moving data from Higher/Expensive Tiered to lower/cheaper Tiered storage
 - **Data Reduction** – Removing duplicate data (De-Duplication) to reduce storage requirements
 - **Server Virtualization** - Multiple server platforms reduced or consolidated into one server
- **DATA PROTECTION**
 - **Backup and Recovery** of data at central and branch offices – Continuous Data Protection and Disk/Tape Library Based Backups
- **DATA AVAILABILITY**
 - **High Availability and Fault Tolerant** critical servers, storage and networks
- **DISASTER RECOVERY SOLUTIONS**
 - **Replication and mirroring** of data to build redundancy in data storage infrastructure

Tel: (631) 738-1100

- **PROJECT MANAGEMENT & INTEGRATION SERVICES**
 - **Project Management** to oversee installation and integration of equipment, verification of desired results and proper provisioning of technology services by Vendors.
 - **Integration of Multiple Technologies** to deliver a “turn-key” solution that is integrated with client’s existing environment.
- **CONSULTANCY**
 - **Assessments** to help analyze and visualize the current storage infrastructure to provide instant insight into current usage and trends to identify possible pain points and bottlenecks
 - **Planning and Design Services** by our certified experts to design a comprehensive, efficient, cost-effective solutions and plans that addresses your current storage infrastructure needs
- **PROFESSIONAL SERVICES**
 - **Authorized Installation and Implementation** services for EMC, VMware, 3PAR, Spectra Logic, SUN/StorageTek, Data Domain, CommVault, Brocade, Qlogic, Quantum & Symantec
 - **Support, Maintenance and Repair services** with customized maintenance plans and helpdesk coverage typically 30% below vendor-provided support for current and end-of-life systems
 - **Data Migration** from one type of media (ex. Tape, disk, array), site or system to another

- GSA Schedule 70 Contract(s): [GS-35F-0227U](#)

- Naval Undersea Warfare Center
- USDA
- Federal Aviation Administration
- Town of Southampton (NY)
- New York Presbyterian Hospital
- Local Union 1199 SEIU
- Lockheed Martin Mission Services
- Time Warner Cable
- Marquette General Hospital
